

Acacia cultriformis Medium shrub
Large shrub 2mH x 3mW. Grey triangular foliage and masses of golden flower balls in spring. Dry position in sun to part shade. Most draining soils. Long-lived attractive screen plant. Foliage good for floristry.

Acacia pravissima (prostrate) Medium shrub
Very attractive cascading shrub to 0.6mH x 3-5mW. Profuse, scented, bright yellow flowers in spring. For a variety of soils and conditions, prefers partial to full sun. Prune when young for dense cover.

Acacia vestita Medium shrub
Beautiful weeping large shrub 3mH x 5mW. Hairy triangular grey-green foliage and golden flowers in winter and spring. Hardy in most soils in partial or full sun. Feature plant or hedge. Recommended.

Anigozanthos 'Orange Cross' Grasses and clumping plants
Kangaroo Paw. Vigorous clumping plant 1.2mH x 1.5mW, strappy leaves. Vivid orange flowers late spr & sum. Moist to dry well-drained soils, full to part sun. Recovers from frost damage. Water weekly in dry winter.

Anigozanthos flavidus (bright red) Grasses and clumping plants
Kangaroo Paw. Vigorous clumping plant to 1mH x 1mW with thick strappy leaves. Tubular vibrant red flowers on 2m stems Nov- Feb. For light to medium soils in partial to full sun. Recovers from frost damage.

Arthropodium sp. B Grasses and clumping plants
Vanilla Lily. 0.3mH x 0.3mW. Grass like leaves, pretty pale lilac flowers on long stems to 0.8mH Nov-Feb. Anthers pale green. Most conditions in shade or part sun. Dies back in winter. Tubers can be eaten. Good in pots.

Banksia burdettii Large shrub
A much branched medium sized shrub to 1.5mH x 1.5mW. Spectacular bright orange flowers are borne at the end of branches. Prefers sandy or well drained acid soils. Drought and frost tolerant when established

Banksia integrifolia Large shrub
Small to medium tree to 10mH x 5mW. Silver foliage. Yellow spike flowers in autumn and winter. Most soils and aspects suitable. Good for coastal plantings. Bird attracting.

Banksia marginata Large shrub
Large shrub to small tree 3-5mH x 2-3mW. Silver backed foliage. Yellow flowers in autumn and winter. Most well-drained positions. Tolerates some shade. Hardy banksia.

Banksia serrata Large shrub
Gnarled tree 5-10mH x 5mW with attractive bark and dark green serrated leaves, silver below. Grey-green to yellow flowers in winter, spring and summer. For dry or moist well-drained soils in full or filtered sun.

Banksia spinulosa var. spinulosa Large shrub
Medium shrub 2.5mH x 2.5mW. Fine foliage, toothed toward apex, and honey coloured flowers in autumn/winter. Full sun to part shade in draining acid soils. Hardy screen or specimen plant.

Acacia floribunda Medium shrub
Large shrub to 3mH x 3mW with graceful dense dark green leaves. Scented cream rod flowers in early spring. Grows in a wide range of soils, even clay, likes extra moisture. Dappled shade, part or full sun. Fast growing screen.

Acacia rubida Medium shrub
Tall shrub or small tree 3-5mH x 3-5mW. Red stems and light green foliage, often with divided juvenile leaves present. Profuse yellow ball flowers in spring. Most soils in sun or part shade. Tolerates dryness, very frost hardy.

Anigozanthos 'Bilby Pink' Grasses and clumping plants
Kangaroo Paw. Clumping plant to 0.7mH x 0.7mW with thick strappy leaves. Tubular pink flowers on 1m stems in Nov- Feb. For light to medium soils in partial to full sun. Recovers from frost damage. Bred by Bilby Blooms

Anigozanthos 'Yellow Gem' Grasses and clumping plants
Kangaroo Paw. Vigorous clumping plant 1- 1.5mH x 1-1.5mW with strap-like leaves. Tall stems of yellow flowers in spring. Requires well-drained soils in full or part sun with protection from heavy frosts.

Anigozanthos flavidus (green) Grasses and clumping plants
Kangaroo Paw. Vigorous clumping plant to 1mH x 1mW with thick strappy leaves. Tubular green flowers on 2m stems in Nov- Feb. For light to medium soils in partial to full sun. Recovers from frost damage.

Banksia baxteri Large shrub
Birds' Nest Banksia. A dense spreading shrub 3-4mH x 3mW, triangular lobed leaves. Showy lemony flower cones spring-autumn. For well-drained light to heavy soils in partial to full sun. Frost protection when young.

Banksia cunninghamii (gold/black) Large shrub
Medium shrub to 2.5mH x 2.5mW with hairy branchlets and narrow toothed leaves, pale below. Attractive yellow flowerheads with black spines, in autumn. For draining acid soils in sun or part shade. Attracts birds.

Banksia integrifolia (dwarf) Large shrub
Low growing shrub to 1.5mH x 1.5mW. Silver foliage. Yellow spike flowers in autumn and winter. Most soils and aspects suitable. Good for coastal plantings. Bird attracting.

Banksia robur Large shrub
Swamp Banksia. Medium shrub to 2mH x 2mW. Attractive reddish new growth. Stiff oaklike leaves, greenish flowers ageing to yellow all year. Sunny position. Adapts to a variety of sites and soils. Likes extra water but will withstand quite dry periods.

Banksia speciosa Large shrub
Showy Banksia. Many branching shrub to 4m. Very long leaves with triangular lobes. Showy lemon cream flower cones spring-autumn. For well-drained light to heavy soils in partial to full sun. Frost protection when young.

Banksia undata var. splendens Large shrub
syn Dryandra praemorsa. Bushy medium shrub 2-4mH x 2-4mW with long, toothed foliage. Yellow or pink flowers in spring. Prefers well-drained soil in dappled shade or part sun. Useful screening plant. Bird attracting.

Boronia polygalifolium Medium shrub
Dwarf Boronia. Spreading shrub to .5mH Pink (or white) star flowers in spring and summer. Well drained sandy soil, heavy mulch. Dappled shade or part sun, with other plants. Lovely little plant for a pot.

Callistemon pachyphyllus var viridus Large shrub
Medium shrub 1.5mH x 1.5mW with fine green leaves. Interesting green flower spikes in spring and autumn. Will accept most soils and bad drainage but needs full sun. Prune heavily after flowering.

Callistemon pinifolius (red) Large shrub
Open medium shrub to 1.5mH x 1.5mW with very narrow sharply pointed leaves. Red flower spikes in summer. Full sun. Hardy and adaptable to most conditions, even poor soils. Prune for shape regularly after flowering.

Callistemon viminalis Large shrub
Weeping tree 6mH x 3mW with narrow leaves. Silky new growth. Long red brushes in spring, summer and autumn. Prune for autumn flowers. Takes wide range of soils in full sun. Not for frost hollows.

Calothamnus quadrifidus (yellow) Medium shrub
Upright shrub to 2mH x 2mW with pine-like leaves. Creamy-yellow flowers in one-sided spikes in spring/summer. Adapts to most well-drained soils in full or part sun. Protect from frost when young. Attracts birds.

Casuarina glauca prostrate Tree
Cousin It - Cascading ground cover without flowers. Long dark green needle-like foliage, spreading from a rounded mound. Most soils, full or part sun. Excellent in rockeries as it will cascade over rocks.

Chrysocephalum apiculatum (suckering)
Groundcover
Perennial herb with slender grey leaves 0.2mH x 0.5-2mW. Clusters of small golden flowers all the year. Reasonable drainage and sun. Prune in spring. Good in massed plantings.

Correa 'Kiss me Kate' Small shrub
Small dense shrub 0.6mH x 2mW with rounded leaves. Pink bells in autumn and winter. For draining clay soils in moist or dry conditions in part sun or shade. Long flowering, attracts birds. Prune regularly.

Correa 'Redex' Small shrub
Small shrub 1mH x .8m. Interesting small rounded leaves, pink/red and yellow flowers throughout cooler months. Hardy plant in draining soils in full or filtered sun. Bird plant.

Crowea exalata Small shrub
Rounded hardy shrub to 0.7mH x 0.7mW. Linear leaves and star-like white to pink flowers in autumn and spring. Most positions in well-drained mulched soils. Good pot plant.

Derwentia arenaria Small shrub
Small to medium shrub 0.6-1.5mH x 1- 2mW with narrow leaves. Pale to deep violet-blue flowers are profuse and conspicuous from Sept-May. For moderately well-drained acidic soils in sun or semi-shade. Rare plant.

Bulbine semibarbata Grasses and clumping plants
Leek Lily. Small perennial herb to 0.5mH x 0.1-0.3mW with succulent light green leaves. Many stems of yellow flowers to 1.4cm across in spring and summer. For most soils in sun to dappled shade. Good regeneration from seed.

Callistemon pallidus Large shrub
Erect large shrub 3mH x 2mW, sometimes taller. Elliptical leaves. Creamy yellow flowers in summer and autumn. Suited to most soils in sunny position. Prune after flowering. Hardy species.

Callistemon sieberi Large shrub
River bottlebrush. Large shrub to 2.5mH x 2mW with narrow leaves and cream flowers in summer. Hardy in most conditions with part or full sun. Prune to keep shape and promote flowering.

Calothamnus quadrifidus (grey leaf) Medium shrub
Common Net Bush. Upright shrub 2mH x 2mW. Grey pine-like hairy leaves. Red flowers in one-sided spikes in spr/sum. Most well-drained soils in full or part sun. Protect from frost when young. Bird plant.

Carex appressa Grasses and clumping plants
Tall Sedge. A clumping tussock which may grow to 0.8mH with brown flowerheads in spring and summer. It grows well in most positions even water logging, in full sun. It can handle dry periods. Strong roots good for erosion control.

Cheilanthes distans Grasses and clumping plants
Resurrection Fern. Attractive upright clump 0.1-0.3mH with broad green crowded fronds. Accepts situations in sun or shade, with reasonable drainage. Will go dormant during extended dry periods, re-appearing after rain

Chrysocephalum apiculatum (tall silver)
Groundcover
Perennial herb 1mH x 0.5-2mW, not suckering. Broad silver leaves. Large clusters of golden flowers spr/sum/aut. Needs reasonable drainage in sun or part shade. Good cut flower fresh or dried. Prune in early spring.

Correa 'White Lies' Small shrub
Small dense shrub 0.4mH x 2mW with oval leaves. Pure white flared bells in autumn and winter. For draining soils in moist or dry conditions in full sun or shade. Attracts birds. Prune regularly. Bred by Bilby Blooms

Correa glabra (red) Small shrub
Rounded shrub 1.2-1.8mH x 1.2-2mW. Smooth glossy leaves, red bell flowers in winter. Well-drained soil in half or full shade. Good screen, attracts birds.

Cymbopogon refractus Grasses and clumping plants
Barbed Wire Grass. Aromatic perennial grass, tufted to 0.4mH. Tall stems, to 1mH, with reddish, hairy flowers which bend back when mature resembling 'Barbed-wire'. For dry sites on poor soils in sun or some shade.

Dianella 'Currabubula' Grasses and clumping plants
Blue Berry Lily. Attractive plant with grey blue leaves to 0.75mH x 1mW. Pale blue flowers along 1m upright stems in spring & summer, develop into profuse large showy bright blue tasty fruits. Accepts most soils and aspects

Dianella 'Uralla' Grasses and clumping plants
Mini Flax Lily. Tufted plant with flax-like leaves, suckering to form clumps to 1mW. Bright blue flowers on branched stems, bright blue fruits. Very hardy. Ideal garden plant especially for rockeries, great border plant.

Dianella revoluta Pilliga Form Grasses and clumping plants
Tufted plant with grey blue flax-like leaves to 0.3mH, suckering to form clumps to 2.5mW. Bright blue flowers on branched stems, bright blue fruits. Very hardy. Ideal garden plant esp. for rockeries. Frost and drought tolerant

Eremophila 'Passionate Lady' Groundcover
E. bigonifolia x alternifolia Large shrub 3mH x 3mW (growth is restricted by pruning). Bright-green leaves & hot pink flowers Sept-May. For a hot, sunny site for a wide range of soils. Frost and drought tolerant.

Eremophila glabra (low grey) Groundcover
Small plant to 0.5mH to 1.5mW with grey leaves. Masses of yellow flowers from winter to summer and sporadic. For most draining soils in full to part sun. Drought and frost hardy. Can be pruned hard.

Eremophila maculata 'Pink Passion' Groundcover
Shrub 1mH x 1mW. Small leaves, tubular rich pink flowers in winter-spring. Best in heavier soils with drainage in part to full sun. Provides nectar for birds. Frost and very drought hardy.

Eremophila maculata (hot pink) Groundcover
Small spreading shrub 1mH x 1.5mW with small often sticky leaves and tubular hot pink flowers in winter-spring. For heavier soils with good drainage in part to full sun. Tip prune for bushy growth.

Eucalyptus 'Delicious' Tree
Mallee 1.5m-3mH x 1-3mW. This small ornamental eucalypt has beautiful huge red coloured buds and red flowers throughout the year. Drought and frost tolerant on non water logging soils. Prune hard to rejuvenate.

Eucalyptus 'Little Princess' Tree
Mallee to 3mH x 3mW. Decorative bark, upright habit, grey foliage & large pink flowers April- Sept. Draining acid to slightly alkaline soils. Full to part sun. Protect from heavy frost when young. Bred by Bilby Blooms

Eucalyptus cinerea Tree
Argyle Apple. Medium tree 8-15mH x 8-15mW. Attractive glaucous cordate juvenile foliage, and glaucous adult foliage. White flowers Oct-Dec. Adapts to most well-drained soils. Responds to hard pruning and coppicing. Great foliage.

Eucalyptus gillii Tree
Silver Mallee. Small shrubby mallee to 2mH x 3mW, with decorative trunk and attractive silvery foliage. Profuse pale yellow flowers June-Dec. For draining soils. Drought and frost hardy.

Eucalyptus macrocarpa Tree
Sprawling mallee shrub 1-4mH x 1-4mW, with opposite large silvery leaves. The glaucous buds are followed by showy pink-red flowers (10cm) throughout the year. Accepts most draining soils. Frost and drought tolerant

Dianella longifolia var. longifolia Grasses and clumping plants
A tufty plant to 0.3-0.7mH x 0.5mW. Flower spikes to 1.5m with pale blue flowers in spring; small purple berries follow. For a wide variety of soils in full sun to part shade or a spot with other small shrubs.

Eremophila 'Magenta Miss' Groundcover
E. calorhabdos x denticulata Upright shrub to 1.5mH with glossy leaves and profuse pink flowers in spring. Well drained soils in full sun. Prune regularly from an early age. Drought & frost tolerant. Bird attractant.

Eremophila glabra 'Belalla Gold' Groundcover
Prostrate plant 0.2mH x 2mW with bright green leaves, abundant yellow flowers from autumn to spring. Bird & bee attractant. Drought and frost tolerant. For draining soils in full or part sun.

Eremophila maculata 'Aurea' Groundcover
Vigorous small shrub 0.9mH x 1-2mW with dark green leaves and bright lime-yellow flowers that are well-displayed. Good drainage and sun or semi-shade are best. Will tolerate heavy soils. Responds to pruning.

Eremophila maculata (cerise) Groundcover
Variable shrub 1mH x 1.5mW. Small often sticky leaves, tubular cerise flowers in winter-spring. For heavier soils with good drainage in part to full sun. Tip prune young plants for bushy growth.

Eremophila maculata x racemosa Groundcover
Medium upright shrub to 1.5mH. Yellow then orange buds open to pink flowers with a white fringe inside the throat of the flower. For a wide range of soils in full to part sun. Prune to shape. Bird attractant.

Eucalyptus 'Jaq Joy' Tree
Mallee to 4.5mH. E. youngiana x E. macrocarpa. Bark smooth and orange brown with pale blue green leaves. Spectacular clusters of large salmon red flowers. Tolerates dryness & frost. Needs reasonable drainage. Bred by Bilby Blooms

Eucalyptus 'Silver Princess' Tree
Eucalyptus caesia subsp. magna. Mallee 8-15mH x 3-5mW, decorative bark, pendulous branches, glaucous foliage & large red flowers June-Nov. For fairly well-drained acid to slightly alkaline soils, sunny site. Frost protection when young.

Eucalyptus forrestiana Tree
Moderately growing mallee to 3mH. Many yellow flowers are borne from bright red buds in the summer. Accepts most soils to heavy loams. Frost and wind resistant and drought tolerant. Withstands occasional waterlogging

Eucalyptus leucoxydon subsp. rosea Tree
Small tree 6-8mH x 5-6mW, clean bark, long leaves. Large, deep pink flowers during year. Most dry or moist reasonably drained soils in full or part sun. Withstands dry periods.

Eucalyptus macrocarpa hybrid Tree
Upright mallee shrub 2-3mH x 2-3mW, silvery leaves. The large silver buds, are followed by large showy red flowers sporadically throughout the year. Suitable for most draining soils. Frost and drought tolerant when established

Eucalyptus pulverulenta Tree

Small twisted tree to 4mH with silver-grey stem-clasping foliage. White flowers from Sept-Nov. Hardy in sun in well-drained soils. May be pruned hard or coppiced. Good foliage contrast, used in floral arrangements.

Eucalyptus staigeriana Tree

Lemon scented Ironbark. Slender upright small eucalypt to 3mH. Crushed leaves give a sweet lemon smell, can be used in cooking/teas. Accepts most soils to heavy loams. Frost, wind and drought tolerant.

Ficinia nodosa

Syn *Isolepis* n-. Knobby Club Rush. Small slow spreading perennial 0.5-1.5mH x 0.6-2mW, green upright stems. Dense globular red-brown flower heads just below the stem tip. For moist soils (takes dry times) in sun to part shade.

Grevillea 'Iced VoVo' Small shrub

Large shrub 2.5mH x 3mW. Long deeply lobed leaves with pale and deep pink toothbrush flowers in spring and summer. Draining site in sun or semi-shade. Excellent quick growing screen plant. Nesting sites for birds. 1

Grevillea 'New Blood' Small shrub

A low, spreading shrub .25mH x 1.5mW, which flowers for most of the year. The flowers are deep red and bird attracting. Great as a feature ground cover plant for rockeries and banks as well as for pots. Grows in draining soils from sandy to clay. Drought and frost hardy.

Grevillea beadleana Small shrub

Dense spreading shrub 1.5mH x 2.5mW with soft, grey-green, much divided leaves. Dark-red toothbrush flowers most of year. Most well-drained soils in sun or dappled shade. Screen or hedge, attracts birds.

Grevillea flexuosa Small shrub

Spectacular, vigorous large shrub 2mH x 2mW. Deeply lobed leaves and unusual cream fragrant flowers during spring. Reasonably drained site in sun or semi-shade. Excellent quick growing screen plant. Nesting sites for birds.

Grevillea juniperina 'Molonglo' Small shrub

Low spreading shrub 0.5mH x 3mW with small narrow prickly foliage. Apricot flowers in spring and summer. Good drainage in most soils and full sun for best flowering. Vigorous grower. Good ground cover. Bird attracting.

Grevillea olivacea (red) Small shrub

An evergreen fast growing shrub to 2mH x 2mW. Masses of red flowers in winter and spring. Tolerates wide range of soil types including limestone and clay. Drought and frost hardy.

Hakea 'Double Gate' Small shrub

H. francisiana x *bucculenta*. Erect shrub 3mH x 3mW with long leaves. Attractive spikes of hot pink flowers in winter to spring. Dry sunny site in light-med soils with good drainage. Prune when young for windy sites. Attracts birds. Drought, lime and frost hardy.

Eucalyptus sideroxylon 'Pretty Pink' Tree

Mugga Ironbark. Medium tree 3-8mH x 4- 6mW with dark, deeply fissured bark. Greyish leaves, pretty pink flowers in winter and spring. Accepts a wide range of soils. Frost, drought and salt tolerant.

Eucalyptus woodwardii Tree

Lemon flowered gum. Small tree or mallee 6 - 15mH. Attractive smooth cream bark. Pretty bright yellow flowers June-Nov. For most soils in a warm sunny spot. Drought hardy, protect from frost when young.

Grevillea 'Carpet Queen' Small shrub

Dense groundcover 0.3-0.6mH x 1-1.8mW, with small deep-green leaves. Yellow/apricot flowers mainly in spring. For draining light to medium soils in full or part sun. Give low phosphorus fertilizer in spring. Good bird plant.

Grevillea 'Apricot Charm' Small shrub

Hardy dense medium shrub to 1.5mH x 2mW. Glossy green leaves with pendulous apricot flowers during winter and spring. For non flooding soils, full sun to part shade. Frost hardy.

Grevillea 'Winter Delight' Small shrub

Hardy groundcover to 0.3mH x 1.5mW. Lovely small soft grey leaves with clusters of red and cream flowers in winter and spring. Tolerates clay and well drained soils. Drought and frost hardy.

Grevillea endlicheriana Small shrub

Open large shrub 2.5mH x 4mW. Long narrow grey leaves on arching branches. Pink and white flowers in spring on long branchlets from low in the bush. Warm sites with dry or moist well-drained soils in sun or part shade.

Grevillea flexuosa Small shrub

Spectacular, vigorous large shrub 2mH x 2mW. Deeply lobed leaves and unusual cream fragrant flowers during spring. Reasonably drained site in sun or semi-shade. Excellent quick growing screen plant. Nesting sites for birds.

Grevillea lavandulacea 'Victor Harbour' Small shrub

Shrub 1-2mH x 1mW. Narrow greyish leaves. Red and white flowers late winter and spring. Needs draining acid soils in sun or semi-shade. Frost and drought hardy, bird attracting.

Grevillea willisii Small shrub

Spreading shrub 2.5mH x 3mW. Prickly divided grey leaves, spikes of white 'toothbrush' flowers in spring and summer. Full or filtered sun with reasonable drainage. Hardy quick growing screen or tall ground cover.

Hakea 'Morgan' Small shrub

H. bucculenta x *francisiana*. Erect shrub 3mH x 3mW with long leaves. Attractive hot pink flower spikes winter - spring. Dry sunny site in draining light-med soils. Prune when young in windy sites. Attracts birds. Drought, lime and frost hardy.

Hakea 'Tessa' Small shrub

H. multilineata x *grammatophylla* A variable shrub to 2.5mH, with narrow grey-green leaves to 16cm long. Showy crimson pink scented flowers appear in the leaf axils from March to August. Draining soils in a sunny to part shaded site. Drought and frost hardy.

Hakea laurina Small shrub

Pincushion Hakea. Erect or weeping shrub to 4mH x 4mW, long oblong leaves. Showy round heads of red and cream flowers, autumn & winter. For a sunny draining site. Not for frost hollows.

Hakea obtusa Small shrub

Rounded shrub to 2mH x 1.5mW, with blunt elliptical leaves. Copious bright pink flowers on old growth in spring. For well-drained soils and most aspects. Prune lightly. Good ornamental screen plant.

Hakea petiolaris Small shrub

Tall shrub 3mH x 2mW with rounded grey-green leaves. Green/pink sea urchin flowers aging to cream/maroon in autumn and winter. Needs reasonable drainage and plenty of sun. Prune lightly. Very ornamental.

Hakea salicifolia Small shrub

Fast growing dense shrub 5mH x 4mW with long elliptic dark green leaves. White flowers in winter/spring. For most soils, even boggy. Suits most aspects. Responds to pruning. Good hedge or screen plant. Attracts birds.

Hardenbergia violacea Climber

Ground cover or trailing plant to 1.5mW with lance-shaped leaves. Masses of purple flowers in spring. Full sun to partly shaded draining position. May be pruned hard. Not for frost hollows.

Hymenanthera dentata Medium shrub

Tree Violet. Rigid shrub to 2mH x 1mW, crowded linear leaves on short spiny branchlets. Strongly fragrant small tubular yellow flowers Aug-Nov followed by edible berries. For a wide range of draining soils in sun to semi-shade.

Isopogon formosus Medium shrub

Rounded shrub, 1.5mH x 1.5mW, with narrow divided leaves. Large terminal heads of pink flowers in winter-spring followed by globular cones. Needs well-drained soils (raised bed), in sun or semi-shade.

Jacksonia scoparia Large shrub

A shrub to 4mH x 2mW, often tree-like in form, with pendulous grey, leafless branches. Profuse orange pea flowers in late spring. For most reasonably drained soils in full sun to part shade.

Leionema elatius x lamprophyllum Large shrub

Medium shrub to 1.5mH x 1.5mW, with small round dark green leaves. Heads of white flowers in winter/spring. Suitable for draining soils in sun and dappled shade. Wonderful small hedging plant.

Leptospermum obovatum 'Starry Night' Medium shrub

Tall shrub to 3mH x 2mW with a graceful weeping habit. New foliage growth is attractive pink/purple. Showy snowy white flowers Oct-Jan. For most soils in sun to semi-shade. Use for screening. Prune or clip to shape.

Hakea francisiana Small shrub

Erect shrub 5mH x 3mW with long leaves. Attractive spikes of hot pink flowers in winter to spring. Dry sunny warm spot in light-med soils with good drainage. Prune when young for windy sites. Attracts birds. Drought, lime and frost hardy when established.

Hakea macraeana Small shrub

Large shrub 4mH x 3.5mW. Soft needle like foliage. Cream perfumed flowers in leaf axils in spring. Most draining soils in full sun to semi-shade. Excellent hardy screen plant. Rare and endangered.

Hakea orthorrhyncha Small shrub

Rounded shrub to 1.5-2.5mH x 1-3mW with long needle like leaves. Spectacular red flowers on older wood in winter and spring. Tolerant of a wide range of soils, moist or dry, in full or filtered sun. Showy in flower.

Hakea platysperma Small shrub

Cricket Ball Hakea. Rounded shrub 1.5mH x 2mW with long needle-like leaves and clusters of fragrant flowers, cream, aging to red, in axils in spring. Very large ornamental spherical fruits. Hardy in freely draining sites in sun.

Hakea teretifolia Small shrub

Prickly shrub to 1-2.5mH x 0.5-2mW with needle like leaves. Creamy white flowers in spring and summer. Tolerates any soils in sun or part shade, even with excess moisture. Salt resistant. Prune regularly. Very hardy.

Hovea lanceolata Medium shrub

Open shrub 2mH x 1mW. Narrow leaves. Blue pea flowers in late winter or spring. Likes excellent drainage, cool root run and some overhead shade. Light pruning beneficial.

Indigofera australis Medium shrub

Open spreading shrub 1.5-2.5mH x 1-2mW with blue-green leaves. Mauve-pink pea flowers in spring. For dry or moist well-drained soils in part sun. Prune after flowering. Colonizer.

Isotoma fluviatilis Groundcover

Small creeping plant spreading to 0.5mW with small round crowded foliage and blue star flowers in spring and summer. Wet sunny position. Suit poolside, boggy sites or in a pot.

Kunzea parvifolia Groundcover

Spreading plant 2mH x 2mW with tiny heath like foliage. Very pretty mauve fluffy flowers in spring. For most soils in full or filtered sun. Spring spectacle. Very hardy.

Leptospermum 'Pink Cascade' Medium shrub

Small shrub 0.5-1mH x 1-1.5mW, dark green pointed leaves. Reddish buds open to pink flowers in spring & often in autumn. It is adaptable in most soils in sun & semi-shade. May be clipped or pruned.

Leptospermum polygalifolium Medium shrub

Large shrub to 3mH x 2mW with small dark green leaves. Covered in white flowers in early summer. For a moist or dry site in a wide range of soils, sun or semi-shade. Can be pruned or clipped for screen or hedge.

Libertia paniculata Grasses and clumping plants
Tufted grass-like perennial to 0.5mH with white flowers on slender branching stems among leaves in spring. For moist well- drained soils in light or heavy shade. Use with ferns, in rockery pocket or pot.

Melaleuca micromera Medium shrub
Rounded shrub 1.5mH x 2mW with minute scale-like leaves and conifer-like habit. Small heads of yellow flowers (wattle-like) in late spring and early summer. Full sun to half shade in most reasonably drained soils.

Ozothamnus diosmifolius Large shrub
Medium shrub to 2.5mH x 1mW with crowded narrow leaves. White heads of flowers appear over a long period. Adapts to a wide range of soils and conditions. Best flowering in sun. Prune hard after flowering.

Philothea myoporoides Medium shrub
Syn *Eriostemon myoporoides*. Rounded medium shrub 1-2mH x 2mW with elliptical grey-green leaves. Masses of white star-like flowers, pink in bud, in spring. Reasonable drainage in most soils, full sun or shade. Very hardy.

Pratia concolor Groundcover
Attractive groundcover prostrate-0.2mH x 0.4-1mW forming a close mat. White or light blue star like flowers in spring & summer. For heavy soils periodically damp in sun to part shade. Responds to pruning. Good pot plant.

Prostanthera granitica Medium shrub
A spreading shrub 0.6mH x 2mW with small harsh leaves. Showy purple flowers from Aug-Dec. Likes a well-drained soil with dappled shade to partial sun. Some overhead cover appreciated. Prune after flowering.

Prostanthera phyllicifolia Medium shrub
Compact shrub to 1mH x 1mW with small deep green narrow leaves. Masses of violet flowers with deep purple spots in the throat in spring. Good drainage and overhead cover from hot sun.

Rhagodia spinescens Medium shrub
Spreading grey leaved plant 0.5m-1mH x 2mW with fire resistant foliage. Grows in most soils in sunny sites. Responds to pruning. Good low maintenance hedge or ground cover. Toughy. Contrast plant. Edible berries.

Stylidium adnatum Container plant
Trigger plant. Bushlet 0.05-0.3mH with bright green leaves and clusters of white/pale pink flowers in spring & summer. For moist soils in part shade to filtered sun. An excellent pot plant flowering for long periods.

Swainsona galegifolia Container plant
Perennial to 1mH with multiple stems of pinnate leaves. Large sprays of pink pea flowers. Sunny position in all but very wet soils. Cut back old stems after flowering to get lush new growth.

Thelionema caespitosum (white) Grasses and clumping plants
Tufted plant with grass-like leaves 0.3m long. White star flowers on slender branched stems in summer. Relatively well- drained position in good sunlight. Does well in containers or open ground.

Melaleuca lateritia Medium shrub
Melaleuca Robin redbreast. Erect shrub to 2mH x 1mW with small linear leaves. Large orange-red brush flowers in late spring and summer. Hardy in draining soils, but likes extra water. Flowers best in full sun. Bird attracting.

Mentha satureioides Small shrub
Clumping ground cover herb. Small white to lilac flowers summer & autumn. For sun or shade in moisture retentive soils. Good in pots. Prune to rejuvenate.

Philothea 'Winter Rouge' Medium shrub
Small shrub .8mH x .8mW with slightly warty foliage. A profusion of white flowers follow pretty pink buds from winter to spring. For draining neutral to acid soils in sun to part shade. Prune to keep bushy.

Pittosporum angustifolium Tree
Previously *P. phylliraeoides*. A weeping small tree 3-8mH x 1.5-3mW, pendent green leaves. Flowers scented, cream to yellow June- Nov, followed by showy fruits. For most soils in a shady or sunny site. Frost hardy.

Prostanthera 'Bilby Ballerina' Medium shrub
Compact shrub 1.5mH x 1.5mW with silvery grey leaves. Prolific pale lilac flowers with purple bases in spring. Hardy in most dry soils and conditions. Regular pruning essential. Feature plant. Frost and drought hardy.

Prostanthera ovalifolia (variegata) Medium shrub
Aromatic shrub to 1.5mH x 1mW, green & cream leaves & many purple-blue flowers in spr. Prefers good drainage in light to med soils in part shade but tolerates heavy soils & dry periods. Likes the company of other plants.

Pycnosorus globosus Grasses and clumping plants
Syn *Craspedia globosa*. Drumsticks. Robust tufty plant to 0.3mH x 0.3-0.5mW with silvery, linear leaves. Large yellow flower heads to 0.8mH in spring & summer. For most soils in sun.

Scaevola 'Mauve Clusters' Groundcover
Suckering plant 0.2mH x 1mW with oval toothed leaves. Mauve fan flowers in clusters for long period. Hardy in all but badly drained positions. Full or part sun. Good as rockery plant or small ground cover. Mulch well.

Stypantra glauca Grasses and clumping plants
Nodding Blue Lily. Tufting plant with blue- green leaves to 1mH x 0.6-1.2mW. Sprays of starry blue flowers with yellow anthers in spring. For well-drained soils in part shade.

Swainsona galegifolia (burgundy) Container plant
Upright plant to 1.5mH with many stems of pinnate leaves. Sprays of burgundy pea flowers spr/sum/aut. For most soils (not wet) in sun. Prune old stems after flowering.

Thelionema grande Grasses and clumping plants
Tufted plant to 1.2mH x 0.3mW, with broad strappy leaves. Blue star-like flowers appear on slender branched stems in spring. For light to medium soils in sun or part shade. Very frost hardy.

Thelionema umbellatum Grasses and clumping plants
Tufted plant with grass-like leaves, 0.2mH x 0.3mW, groups of cream flowers on slender branched stems, held among leaves, in summer. Relatively well-drained soils in full or part sun. Pot or open ground.

Viola silicestris (blue) Grasses and clumping plants
Sandstone Violet. Small spreading ground cover forming extensive mats in damp areas. Round leaves. Blue flowers for long periods. Hardy in full sun to full shade. Dies back in winter. Useful for hanging baskets.

Westringia brevifolia var. raleighii Small shrub
Medium shrub 1.5mH x 1.5mW. Silvery grey foliage, mauve flowers all year. Very hardy with well-drained soil in sun or semi-shade. Responds to pruning for compact bushy growth. Ideal for low clipped hedge.

Thomasia sarotes Small shrub
Low shrub 0.8H x 1mW with rough textured grey leaves. Very pretty pink/purple small pendulous flowers in spring & autumn. For light to medium soils in sun to semi-shade. Attractive in containers or rockery.

Westringia 52 Small shrub
W. fruticosa x longifolia Medium shrub 2.5mH x 2mW. Dense grey-green foliage with white flowers in spring and summer. Extremely hardy fast growing screen, full sun to partial shade. Suitable for difficult positions.

Westringia fruticosa 'Smokie' Small shrub
Small shrub to 0.75mH x 1mW. Grey-green foliage with white flowers mainly in spring. Hardy in most soils in full sun or partial shade. Suitable for shrubbery or low hedge.
